Second Annual Meeting

May 1th-2th, 2009

University of Puerto Rico, Río Piedras Campus

PLENARY LECTURER

Jerry C.P. Yin, Ph.D.

University of Wisconsin, Madison

LATINO-AMERICAN GUEST LECTURER

Iván A. Izquierdo, MD, Pontificia Universidad

Católica de Río Grande del Sur, Brazil

*The Time of Day/Night
and Memory Formation
in Drosophila.*

*Post consolidation
mechanisms
of memory persistence.*

Todd C. Sacktor, M.D., SUNY

*Synaptic and Behavioral
Memory Storage
by PKMzeta*

Henriette van Praag, Ph.D., NIA

*Functional neurogenesis
in the adult and
aging brain.*

Joachim Spiess, Ph.D., Univ. Hawaii

*Traumatic brain injury:
a memory disorder favoring
the use of non-conscious
memory pathways.*

Eric Klann, Ph.D., NYU

*Translation Control in
Synaptic Plasticity,
Memory and
Mental Retardation.*

Registration is free, but required. Local speakers, including senior graduate students, postdoctoral scientists, and young principal investigators, will be selected from among the abstracts submitted!
